Author

In the custom fields area, to set up the by-line, use the “Deck” Custom Field.

In the Value area, type “By:” and then the author’s name. In AE and P&A you do NOT have to type “By:”, but since DD uses the Deck for both a deck and by-line, you have to add the extra text.

Select the Author in the Author drop down, just as you always do. This will insert the bio slug at the bottom of the article.
